To our Paiute Community
 March 30, 2009

This is an update of our family member; Truman Teeman, who suffered an Aorta Aneurysm on February 18, 2008. He was Air Lifted to Bend, where he under went a 7 hour operation and is slowly improving each day.

He has been moved upstairs, he has started his physical therapy and still unable to talk. He is in a wheelchair and doing leg and arm exercise. He is off the ventilator, breathing with little assistance, he is making progress. He has improved since then. The family is requesting that **ONLY immediate/family members are allowed to visit him at this time. He needs his energy to heal.**

We will continue to update the community on his progress. Thanks to all who have prayed for our brother and for the many people who have added his name to their prayer lists. As a Christian man, we know he would appreciate the kind thoughts. We Thank God for his healing progress and his miracle of healing.

Thanks,
 Minerva (573-2687 - for information)

Taking Care of Your Feet

Things to do Every Day of Your Life

- **Look at Your Feet.** Place a chair next to your shower or tub to sit on after bathing. Spend 30 seconds looking for problems on your feet. Look for cuts, cracks, splinters, blisters, toe nail problems or calluses.
- **Take Care of Your Feet.** While you are still sitting after bathing, put lotion on your feet (avoid between the toes). Lotion prevents cracking and drying which lessens chances for infection. Do what is needed to keep your toe nails clean and trimmed, and calluses thin.
- **Wear Proper Shoes.** Good shoes have **FOUR** very important things:
lace-up ties
made of leather
large toe area
soft soles (crepe is best)

Remember: If you find a problem on your feet that you are not sure about, call the clinic to find out what you should do.

FOOT HEALTH ISSUES RELATED TO DIABETES ARE OF SPECIAL OBSERVANCE FOR THE MONTH OF APRIL.

Please stop by the Wadatika Health Office for more information regarding these or other health issues.

APRIL IS ALSO : CANCER CONTROL MONTH

Cancer control includes:
